Reference: Year End Report (12/1/99-12/31/99)

Dear Mr. White:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Schedule B of your report discloses a \$648 payment to your connected organization for an in-kind contribution to a federal candidate (pertinent portion(s) attached). 2 U.S.C. §441b prohibits a corporation or labor organization from contributing or expending funds for the purpose of influencing any federal election; however, a connected organization may pay for the solicitation and administrative costs of its separate segregated fund.

Please amend your report to clarify whether the payment to your connected organization was for expenditures which were intended to influence federal elections and provide the dates of the activity conducted by your connected organization. Although the Commission may take further legal action concerning this matter, your prompt action will be taken into consideration.

-Your report discloses activity that falls outside the reporting period. Please amend this report by including only the financial transactions that occurred between 12/1/99 and 12/31/99. Any activity occurring outside this reporting period should be included in the appropriate report(s). 2 U.S.C. §434(b)

-Please amend Schedule B supporting Line 23 by providing the

congressional district, if applicable, for each contribution made. 11 CFR
§104.3(b)(3)(ii) and (v)

Any amendment or clarification should be filed with the Federal Election Commission. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530 (at the prompt press 1, then press 2 to reach the Reports Analysis Division). My local number is (202) 694-1130.

Sincerely,

The first part of the paper discusses the importance of the research and the objectives of the study. It highlights the need for a comprehensive understanding of the subject matter and the role of the researcher in this process. The second part of the paper presents the methodology used in the study, including the data collection methods and the analysis techniques. The third part of the paper discusses the results of the study and the conclusions drawn from the findings. The final part of the paper provides a summary of the key points and offers suggestions for future research.

The research was conducted in a systematic and rigorous manner, following the principles of scientific inquiry. The data was collected from a representative sample of the population, and the analysis was performed using advanced statistical techniques. The results of the study indicate that there is a significant relationship between the variables under investigation, and this finding has important implications for the field of study. The conclusions drawn from the study are based on the evidence presented, and they provide a clear and concise summary of the findings. The suggestions for future research are based on the limitations of the current study and the need for further exploration of the subject matter.

The study was conducted in a controlled environment, and the results are reliable and valid. The data was collected from a large number of participants, and the analysis was performed using a variety of statistical tests. The results of the study are consistent with the findings of previous research, and they provide a new perspective on the subject matter. The conclusions drawn from the study are based on the evidence presented, and they provide a clear and concise summary of the findings. The suggestions for future research are based on the limitations of the current study and the need for further exploration of the subject matter.
